

Reception Class Home Learning Activities

Week beginning 22nd June 2020

Recommended websites

- <https://www.twinkl.co.uk/home-learning-hub> This website has a daily programme of activities and has new ideas and lessons added every day. It is well worth a look.
- <https://www.thenational.academy/online-classroom/reception#schedule> Here you will find 3 lessons per day in Maths, English and Foundation (Topic). Week 8
- <https://www.oxfordowl.co.uk/please-log-in> Go to 'my class log in' and enter Mrs Ives SMS1 You can access lots of ebooks which can keep your child reading at their level.
- <https://whiterosemaths.com/homelearning/early-years/>

Thank you all for working hard at home. I hope you are all safe and well. Keep up the good work everyone.

Mrs Ives 

Some other ideas for this week

Reading and Writing

Look through a book. Can you find any words with more than seven letters? What is the longest word you can find?

Don't forget to watch the Ruth Miskin Read Write Inc sessions on Youtube. Focus on Set 2 sounds.

Read a storybook with a grown-up. When you have finished, ask your grown-up questions about the story. Were they correct?

Draw a picture of a story you have read and enjoyed. Can you tell someone about the picture you have drawn?

Have a go at the 'Writing tricky words' challenges.

Maths

Have a go at the halving problems.

Collect 5 pebbles and 5 leaves from outside. Make a pattern that goes 'pebble, leaf, pebble, leaf' Can you complete the pattern? You could paint the pebbles different colours and make patterns with the colours.

Use books or the internet to look at patterns on animals like tigers, zebras and snakes. Can you draw any of the patterns?

Other areas

Can you fill a piece of paper with your fingerprints? Use different colours and see if you can make some repeating patterns.

Be an artist – Draw or paint a picture of something you can see in your home.

Practise your cutting skills by cutting out pictures from magazines and comics. You could cut out lots of pictures that are all the same colour or cut out all the pictures of food or transport.

Choose some music to listen to and make up your own dance to it.

Collect 10 small objects from around the house and put them on a tray. Ask the other person to close their eyes while you take away one object. When they open their eyes, can that guess what's missing?

See if you can make a weather chart for the week. Write the days and add a weather symbol next to it.

How many sunny/ rainy days were there?

What was the weather like most of the time?
