

Hello to everyone whether you are at home or at school. I hope you all have a great week.

- <https://www.thenational.academy/online-classroom/reception#schedule>

Here you will find 3 lessons per day in Maths, English and Foundation (Topic). We are on week 7 now but there are plenty of activities to look back on and have a go at.

- <https://www.bbc.co.uk/bitesize>

Select England then click on KS1 (there is not a specific section for Reception but many of these activities are appropriate). Especially useful are the Phase 2 and 3 phonics, counting & ordering, number bonds and adding and subtracting.

Thank you for handing in Purple Mash activities and playing the games set. I will continue to update them when I can see some of you have had a go. If you have any questions please email me via the Purple Mash website and I will get back to you.

Mrs Ives 

### Some other ideas for this week

#### Reading and Writing

Don't forget to watch the Ruth Miskin Read Write Inc sessions on Youtube. Check our Facebook page for details. We will be using this programme in school from September.

Keep reading anything you can.

You can read books, magazines or even cereal packets. Perhaps you can read some words when you are out on a walk?

Read some stories from the Oxford owl website.

Remember, your log in details are

SMS1

Draw a picture or write to a friend or family member. Pop it in an envelope and post it to make their day!

Use your sound cards to make words beginning with  
sh ch th (e.g. shop, thin, chin)

and then some words ending with  
ee ng ck (e.g. tree, sing, brick)

#### Other areas

Master a new skill, like tying a shoelace or doing up buttons and zips.

Set up an imaginative small world with mini figures, building blocks and your own trees and buildings made from paper and card.

Keep yourself healthy at home by setting up a circuit of three different exercises. Include a jumping station, a running station and a stretching station.

Get involved in making the dinner with your family. See if you can name all the ingredients. Can you try a new food this week?

#### Maths

There are some great Maths activities for each day on the White Rose Maths website

<https://whiterosemaths.com/homelearning/early-years/>

Next time you open a packet of raisins, some carrot sticks or apple pieces, count out how many you have. If you're eating them with someone else, count how many they have too. Can you write the numbers down? Practise writing all your numbers remembering to form them correctly.

Have a go at the sharing problems shown below.
