

# Year 1 Home Learning Activities w.c 15<sup>th</sup> June 2020

Please find below some home learning activities that you could try this week. Don't forget that a new activity will also appear on your Purple Mash '2do' list each day. Remember, these activities are only suggestions, nobody should feel under pressure to complete them. As always, the well-being of our families comes first.

**Oak National Academy Online Classroom** - We are going to continue using this online classroom. Click on the schedule and follow 'week 8'. The lessons are in sequence so it is best to start with Monday's lesson (even if you don't get round it until Wednesday). <https://www.thenational.academy/online-classroom/year-1#schedule>

## English

Follow the Oak National Academy lessons. This week we are focusing on writing a recount. If you cannot access Oak National Academy can you write your own recount? A recount is when we write about an event that has happened in the past. You could write a recount of:

- Your favourite school trip.
- What you did at the weekend.
- Pretend that you are the character from your favourite book and write about the adventure that they went on.

Remember to use lots of super time words - first, next, after that, finally.

**Spellings** - Practicing reading and writing these spellings.

Can you put them into a sentence? Can you find them in a book?

saw yawn important sweetcorn launch astronaut  
two some

## Reading

Phonics - Watch the daily Ruth Miskin Phonics lessons on You Tube (Set 3)

[https://www.youtube.com/channel/UCo7fbLgY2oA\\_cFCI9GdxtQ](https://www.youtube.com/channel/UCo7fbLgY2oA_cFCI9GdxtQ)

Set yourself a reading challenge! Can you read everyday? Choose a book that you can read or share a story with your adult. Don't forget you can find e-books online at <https://www.oxfordowl.co.uk/forhome/find-a-book/library-page/>

## Foundation Subjects

- Research the famous explorer: Ernest Shackleton and create a fact sheet.
- Design your own magical island - will it have chocolate rivers? Hidden caves? Talking trees?

## Maths - Measuring

Follow the Oak National Academy lessons. This week we are continuing to focus on money.

If you cannot access the lessons, continue to:

- Identify different coins and notes.
- Recognise the value of a coin - 10p has more value than 1p
- Find different ways of making 10p and 20p. What coins will you need?
- Set up a role play shop. Take turns to be the customer and the shop keeper.

**P.E** - Complete some Cosmic Kids Yoga Sessions.

Did you take part in our one minute challenge a few weeks ago? See if you can beat your score!

## Science

Design a poster for looking after a pet. What things will your chosen pet need to stay healthy?

I hope you have a great week.

Keep smiling and stay safe.

Mrs Hudson 😊
